

CatholicCare NT Statement of Support for the Voice to Parliament

CatholicCare NT wholeheartedly supports and advocates for the recognition of Aboriginal and Torres Strait Islander people in the constitution. We believe that acknowledging the unique cultural heritage, spirituality, and contributions of Australia's First Nations peoples is crucial for achieving true reconciliation, justice, and respect. Recognising the sovereignty, history, and aspirations of First Nations people is an essential step towards healing the past and building a more inclusive and equitable future for all Australians. As an organisation, we actively support the Uluru Statement From the Heart's vision of a united and reconciled nation, guided by the wisdom and voice of Indigenous leaders.

By actively promoting constitutional recognition, we strive to foster a society that values and upholds the rights, dignity, and self-determination of all Indigenous Australians.
